

Brix Measurement

Brix Measurement can be used for detection and analysis in sugar, pharmaceutical, beverage, petroleum, food, chemical industry production, scientific research, and teaching departments. It adopts visual aiming and optical dial reading, which is simple.

1. Brix Measurement Introduction

Innovation:

- 1: Portable design, easy to use;
- 2: LED cold light source replaces traditional sodium lamp and halogen tungsten lamp;
- 3: Color screen display, humanized operation interface;
- 4: The whole machine has passed TART and CE certification.

2. Brix Measurement Parameter

Model	JH-PB(Brix Measurement)
Refractive index nD	-
Brix	0.0-50.0%
Resolution	0.1%
Brix accuracy	±0.1%
Refractive index accuracy	-
Display method	Digital Display
Temperature display range (minimum display value 0.1 °C)	0-40°C (Automatic temperature compensation)
Size	58*25*121mm
Weight	100g

3. Brix Measurement Feature And Application

- 1.Portable design, easy to use;
- 2.LED cold light source instead of the traditional sodium light lamp and halogen tungsten lamp;
- 3.Color screen display, user-friendly operation interface;
- 4.Brix Measurement has passed TART and CE certification.

4. Fields of use Brix Measurement

Sugar, pharmaceutical, beverage, petroleum, food, chemical industry production, scientific research, teaching departments of testing analysis.

5. Product Qualification

Jiahang Brix Measurement has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

6. Deliver, Shipping And Serving

We have a top R&D team returned from Europe and America, cooperate with our superb manufacturing team, professional sales team and dedicated service team, working together to provide customers with high-tech, high-quality products and efficient, convenient, Comprehensive pre-sales and after-sales professional services.

7. FAQ

How many years have your company made Brix Measurement?

22 years of scientific instrument manufacturer, laboratory solution provider!

Which certificate do you have for your products?

Jiahang has obtained CE certification, TART certification, ISO quality management system certification, more than 10 software copyrights and multiple patents to ensure that each instrument has stable performance and excellent quality.

Will you will attend the fair to show your products?

Yes, Every year we will participate in some internationally renowned exhibitions to launch our new products, such as Arablab, PICCTON, Analytica Russia, Lab Africa, Analytica Germany, Analytica Latin America and so on, we are looking forward to your visit.

How about your company's R&D strength

Possess strong R&D technical capabilities (a R&D team of more than 20 people, with an average degree of doctorate degree, graduated from well-known universities at home and abroad, with an average work experience of 8 years), able to deal with and solve product-related technical problems

If OEM is acceptable?

Provide OEM customization service, product built-in software has autonomy, can customize development settings

Are you a trading company or a manufacturer?

100% manufacturer, no middlemen and distributors make the price difference, the price of the source factory is very advantageous; Jiahang is headquartered in Shanghai, China, has 15 service outlets and 2 production plants in China, and has sales in more than 10 countries overseas proxy.

How about your delivery time?
